Tokio Receives Intimation That the Garrison is Disin-
clined to Send Out Non-combatants—Terrible Con-
flagration Raging—Hospitals are Crowded—Shang-
hai Expects a Descent of Jap Warships.

[BY THE ASSOCIATED PRESS—P.M.]

TOKIO, Aug. 18.—[By Asiatic Cable.] It is reported that the
Port Arthur garrison has refused to surrender, and is dis-
inclined to send out non-combatants.

TERIBLE CONFLAGRATION RAGES.

[BY THE ASSOCIATED PRESS—P.M.]

LONDON, Aug. 18.—According to the correspondent of the
Daily Telegraph at Chefoo, refugees arriving there bring news
of a serious condition of affairs at Port Arthur. They say that
Japanese shells have ignited lighters in the docks which con-
tained supplies of coal, resulting in a terrible conflagration.
Many of the buildings have been demolished, and the hospitals
are crowded.

SHANGHAI EXPECTS JAPS' DESCENT.

[BY THE ASSOCIATED PRESS—P.M.]

SHANGHAI, Aug. 18.—A Japanese squadron is ex-
pected here today. Japan is determined, it is said, that the
protected cruiser Askold and the torpedo-boat destroyer Grozovoi
shall leave port promptly, or dismantle.

RUMOR OF THE FALL.

[BY THE ASSOCIATED PRESS—P.M.]

ST. PETERSBURG, Aug. 17, 6:23 p.m.—A rumor is again in
circulation here that Port Arthur has fallen, but the source is
not traceable and it seems to have no more foundation than the
previous rumors to the same effect.

[As cabled to the Associated Press from Tokio to-day, the
answer of the commander of Port Arthur to the Japanese demand
for the surrender of the fortress is only expected today. Con-
sequently it is not possible that news of the fall of Port Arthur
can have reached St. Petersburg.—Associated Press.]

GARRISON'S SPIRIT WONDERFUL.

[BY THE ASSOCIATED PRESS—P.M.]

ST. PETERSBURG, Aug. 17, 7:40 A. M.—A semi-official dispatch
from Mukden, dated today, says: Ninety-two civilians, with
their families, have arrived here from Port Arthur. The spirit
of the garrison is wonderful. Civilians are joining in the ranks
with the soldiers.

RETURNED TO VLADIVOSTOK.

LONDON, Aug. 17.—A dispatch to the Central News from
Vladivostok, dated August 17, says the cruisers Russia and
Gromoboi of the Vladivostok squadron have returned there.

MUKDEN, Aug. 17.—The Japanese have occupied Tsinan Hill,
on the Russians' left.

The small force of Japanese infantry occupied Dianpan Pass
August 15. The Russian outposts retired.

JAPANESE ULTIMATUM SENT TO CHINESE.

[BY THE ASSOCIATED PRESS—A.M.]

LONDON, Aug. 17.—[By Atlantic
Cable.] The Associated Press
learned this afternoon that Japan
has made a demand on China, prac-
tically in the nature of an ultimatum,
that she immediately enforce her neu-
trality in the case of the protected
cruiser Askold, and the torpedo-boat
destroyer Gromoboi, now at Shanghai.
Japan pointed out that the time limit,
twenty-four hours, permitted by inter-
national law, had expired, and that
Japan therefore was at liberty to take
such action as may seem to her expe-
dient.

At the Japanese Legation here, it
was explained that the Tokio govern-
ment had no intention of remaining
quiescent if Russia attempted to com-
pel China to give asylum to her men-
of-war and authorized repairs at her
ports which would enable them to re-
sume belligerent operations. Should
China fail to comply immediately with
Japan's demand, the division of Japa-
nese warships now in the vicinity of
Shanghai will, the Legation declares,
be instructed to enter the port, and
capture the Askold and Gromoboi, as
was done in the case of the Ryshetnei.
Japan has made no secret of her
intention, but has not consulted the
powers, believing that the matter is
one which concerns herself alone, and
Japan is prepared, the Legation fur-
ther asserts, to recognize China's neu-
trality only so long as it is respected
by Russia.

With regard to the Ryshetnei, Ja-
pan, it is asserted, is determined not
to comply with the Chinese demand,
submitted in compliance with the Rus-
sian note, that the vessel be re-
turned to Chefoo. Japan insists that
to all intent and purpose Chefoo has
been a Russian base during the war.
Chinese junks having been fitted out
there and sent through the Japanese
blockading vessels to Port Arthur. No
answer has yet been given by Japan

BARRELING PARKER.

*Sugar Trust Holds
Him Fast.*

Selection of Cord Meyer Has
Disclosed the Affiliations
of the Democracy.

Rotten Havemeyer Scandal
of Cleveland's Second
Term Recalled.

Pat McCarran as a Stand-
Patter on the Boodle
Basis.

[BY DIRECT WIRE TO THE TIMES.]

NEW YORK, Aug. 17.—[Exclusive
Dispatch.] The appointment of
William S. Rodie as chairman of
the new Democratic organization be-
lieved to have headquarters in New York,
calls forcibly to mind once more the
dominating influence of the sugar trust
in Parker's candidacy. Rodie was ap-
pointed after a long conference be-
tween Cord Meyer, chairman of the
Democratic State Committee, and
Parker. His appointment is for the
avowed purpose of assisting Pat Mc-
Carren in his up-State canvass, leav-
ing McCarran as free as a bird as possi-
ble to effect the undoing of Tammany in
the primaries of August 23. Rodie is
one of the closest friends of both Park-
er and Sugar Trust Meyer and Space
Track Pat McCarran.

That Meyer and McCarran are the
avowed tools of the sugar trust and
that it is the avowed purpose of that
trust to mix in politics, to better its
own position, "for protection," as
Havemeyer put it in the memorable
Senate investigation of 1897, is made
perfectly clear by the political record
of both.

One of the great sugar trusts, nearly
fifty years ago, while the close
affiliation of Parker's candidacy with
trust interests, and especially the sugar
trust, was clearly evident from the time
Hill and Belmont dominated the Demo-
cratic State convention, last May, and
forced the adoption of its now famous
trust plank, and the subsequent elec-
tion of Meyer to be chairman of the
Democratic State Committee and Mc-
Carren chairman of the Executive
Committee, which will raise the funds
for the campaign.

The sugar trust, according to Hav-
emeyer's own statement, has 12,000
stockholders, but only Havemeyer and
the directors know who these stock-
holders are. Cord Meyer, however, is
a multi-millionaire, and one of the
original stockholders of the organiza-
tion of the trust in 1897. Previous to
this, Meyer was a member of the firm
of Dick & Meyer, who had a number
of refineries in Brooklyn and New
York, which were sold to the trust.
For pay, he received a large sum in
cash and a huge block of trust stock.
This he still holds.

THE HAVEMEYER SCANDAL.

During the great struggle over the
Wilson tariff in the Senate during
Cleveland's second administration, it
was charged by the Republicans that
the sugar trust had dictated the sched-
ules for sugar in the Wilson bill. The
charges raised a huge scandal, and
during the Senate investigation Presi-
dent Havemeyer practically admitted
that the sugar trust had contributed
large sums to elect Cleveland, on the
promises of favorable legislation.

It was widely published at that
time that Cord Meyer had waited upon
Dan Lamont, then a member of Cleve-
land's Cabinet, and asked if the sug-

THE CITY IN BRIEF.

NEWS AND BUSINESS.

Special K. T. Connelley.

Los Angeles Commandery, K.T., will confer the order of the Temple today, beginning at 1:30 p.m., with one candidate for the evening at 7:30.

Dwelling Finds Buyer.

Glady L. Lambert has sold to C. H. Hardwell, through the agency of Althous Bros., 5621 1/2 Ave., with an eight-room frame dwelling, No. 733 South Bonnie Brae street; consideration named, \$7000.

Boy's Good Shot.

Little 11-year-old Henry Koch, Jr., son of Manager Koch of the Chutes, shot a two-prong buck near Wheeler Hot Springs, yesterday and brought it into camp there. He is the youngest hunter that ever took a buck of the size in that vicinity, it is said.

Took Her to Oakland.

A constable from Oakland arrived here yesterday and departed for home last night having in custody Grace McNaughton, who was arrested on complaint of a former employer in that city on a charge of grand larceny. The girl was so ill that it was necessary to take her to the train in an ambulance.

Wanted in Stockton.

A telegram was received by Chief Hammel last night from the Sheriff of San Joaquin county asking that Thomas J. Pickett be arrested, a warrant having been issued for him at Stockton on a charge of felonious assault. Detectives Talamantes and Rich found Pickett at No. 234 Figueroa street.

Women Will Debate.

At the meeting of the Los Angeles W.C.T.U., in the First Methodist Church, this afternoon at 2 o'clock, there will be a debate upon the subject: "Resolved, That Heredity is a Stronger Power than Environment." The affirmative will be taken by Mrs. Harriet Carman and Laura M. Locke; the negative by Dr. M. J. Lightner and Mrs. Hester Griffith.

New Members.

The following-named were elected to membership in the Chamber of Commerce at yesterday's meeting of the Board of directors: Brunswick-Balke-Connor Company, H. Schultz, L. E. Short, Werner, Kenney & Co., Edwin M. Witt, Ed Sharkey. The chamber will keep open house during the passage of the Kluge-Kempfer bill, and from the convalescence in San Francisco. The first delegation is expected to leave off here August 14.

Youthful Burglars.

During the thunderstorm last Saturday two small boys entered the Sunnyside rooming house at No. 214 North Broadway and stole a quantity of clothing and other articles. The boys were made comfortable and after their departure a purse containing \$18.75 was missed from the room. Yesterday the detectives arrested James Jackson and Willie Davidson, aged respectively 15 and 16, and sent them to the city hall where they had stolen the money and spent it.

Portland Commissioner.

J. P. Marshall of Portland, Ore., special commissioner for the coming Lewis & Clark Centennial Exposition, was in the city yesterday. He is on tour of the Western States, seeking exhibits for the exposition and will continue on into Arizona and Mexico. He says that Mexico will exhibit hand-loomed and that Japan, especially, is bringing a grand display. California is to be well represented and Gov. Pardee has been in Portland looking over the ground to be occupied by this State.

Raided a "Blind Pig."

Glenn DeGrazia of No. 713 Buena Vista street is a sort of leader among a certain class of Italian in this city and does about as he pleases with them. He became over-confident, and without the formality of taking out a saloon license he established a bar in his eating house and there dispensed liquors more potent than beneficial. He was caught at it yesterday by Patrolmen Moloney and Boyd, and together with his wife was placed under arrest. DeGrazia threatened the arresting officers with dire things, but had to give ball before he secured his release.

Tripod Convention.

"The Tripods," claiming to be the leading political party in the Tripartite Debating League of the Y.M.C.A., held their convention last night and nominated a ticket for the election which will occur on September 2, as follows: For President, R. H. Blakeslee, vice-president, E. Hanna; secretary, C. C. Campbell; treasurer, J. H. Barrett; reporter, J. Land. The leading issue between the two political factions in the league is the federal term, the "Tripods" favoring three months and the "Quads" a four month term. The latter have not yet made their nomination.

Bull Buffalo Dead.

"Mr. Bison," the bull buffalo recently secured from Wyoming by the Chutes, died yesterday from injuries inflicted by his rampaging conduct during his trip to this city. His mate died just before the case in which he was shipped here, and his loss made him so fierce that he kicked everything in reach during the trip, and battered the end of the cage in which he was packed. In so doing he shattered several bones in his hind legs. These injuries were not discovered until after he had been here some time, and blood poisoning set in. He had been under the care of Dr. W. W. Surgeon for two weeks. The buffalo was a fine specimen, and is a considerable loss.

TENT CITY (Coronado) Aug. 11.—Ten members of one of the crews of the Ziegler Rowing Club surprised their friends in camp yesterday morning by calling on them at 5 o'clock, having rowed across the bay from San Diego to make an early visit. The young ladies dined at the cafe and then returned to San Diego.

LOCAL POLITICS.
SUPERVISOR
BONE STICKS.Anti-Saloonists Coughing at
Lauder and Wilson.May Run Independent Candi-
dates Against Them.Democrats Promise to be so
Sweet at Redondo.

Unless the Democrats nominate a
good man at Redondo today to run
against Ben Lauder for supervisor, or
an independent candidate comes out,
Los Angeles County may be thrown
"wide open" to booze and vice.

It cost the Royal Arch (the name
which the association of bung-
lers dignify themselves) \$800 to
get Ben Lauder, through Tuesday's
convention.

Gen. Last, whose military career
was distinguished by the fact that he

PETER J. WILSON,
Republican Nominee for Supervisor, Whom
the Anti-Saloon League Will Fight.

once reversed the Constitution of the
United States, watched the fight from
the convention floor.

The 900 planks worth of votes were
not designed as a charming compliment
to Mr. Lauder. The true in-
wardness of the liquor men's fight is
this:

The local option agreement, whereby
each precinct in the county decides
whether to have saloons or not, ex-
pires this fall.

The tacit understanding was that the
local option should last only two years.
The object in putting Pete Wilson
back on the board and in forcing the
retirement of Alexander to give way
to Ben Lauder was to make sure that
local option gets a quick finish this
fall.

All the fighting is not over however.
The temperance people intend making
a bitter battle to prevent the elec-
tion of both Lauder and Wilson.

If the Democrats put up good men
for these places today they will have
the support of the various temperance
organizations.

Long Beach is said to
have a strong Democratic contingent.
Candidly, however, the Democrats
are not expected to put up anti-liquor
men. The same old sack which gaped
in cheerfulness at the Tuesday
convention, is to be open again today
at Redondo.

The convention happened only
yesterday, he said, "so we have not
definitely made any plans. We will
soon have a meeting of our council
and consider."

"You can be sure that we are not
done however."

"If Lauder and Wilson both get on,
the board of supervisors we believe,
that the county will be in danger of
being thrown wide open."

"If the Democrats put up a good
man for either place we will support
him. If not, well, I can assure you
that the biggest fight we have ever
won have been with independent can-

didates. We have gone in time and
time again and showed them all under.
"We are reluctant to antagonize the
established parties if there is a way
out of it; but we do not propose seeing
our work of years undone. I don't
know whether the other members of
the board would stand on or not, but
I attempt to do away with local option
or not."

"We consider at least that the elec-
tion of either Wilson or Lauder would
be a distressing thing for this county."

NO ROUGH HOUSE.
DEMOCRATS RESOLVE.

Twenty miles from the patrol wagon,
the Democratic convention will take
place today at Redondo.

At a mass meeting held in deathly
secret last night it was agreed that no
rude sounds of strife in this conven-
tion shall be heard above the distant
lapping of the larger beer. Peace shall
prevail throughout the affair.

They got together at the Angelus
Hotel and resolved to break the world's
record and have a Democratic conven-
tion without a rough house or a fall
apart.

Never before was a Democratic
meeting held in such surroundings as
the Redondo Hotel. The Angelus Hotel
they sat on gilt chairs in a dame and
wondered at the Chesterfieldian ease
with which John W. Mitchell dined
with the luxurious surroundings.

Finally Joe Simon broke the still-
ness. "Where's the spittoon?" he
asked stiffly.

They spread harmony all over it
thickly but finally they got up and
objected to the conduct of the
committee in having a Democratic
harmony meeting on gold chairs. He
said it was a stay on true silver. It
was about one minute and a quarter
there was a rough house due to arrive;
it could be seen coming. But it was
averted by the heroic efforts of the
chairman.

After that when any one made a
motion, he was requested to withdraw
it for fear it might hurt someone's
feelings and break up the harmony.
It was so harmonious that a necktie
out of shade would have created a dif-
ficulty. Every Democrat had to promise
to be down and be good.

The meeting was called by John W.
Mitchell, who has Bath-house John
stripped to the skin for valetcoats,
who is known all over the Coast for
his valetcoats.

Mr. Mitchell invited all the Demo-
crats except George W. Albright.
Cahuenga. He did not invite George
W. Albright of Cahuenga. There is a
coldness, a cloud.

At the meeting the thing to be done
was to settle all mooted questions be-
forehand peacefully, right there in the
hotel where the bar was closer.

The fact is, however, that there
never are any questions before a Demo-
cratic convention. There is just a
scrap.

The idea was suggested that all
speeches should be done in the dead
and dumb alphabet and that the usual
"Jeffersonian simplicity" orations be
symbolized by taking it without a
straw.

There were objections to this course,
however, for fear that the motions
might be misunderstood and lead to
hostilities.

It was finally determined to put Tom
McCaffery and Earl Rogers at op-
posite ends of the hall, the muskies
and with blunders. Isay Dockweiler
will be placed plump behind a sign
Cahuenga. He did not forget it.

Nominating speeches will be made
from the end of the long wharf and,
by gum, there will be peace if it takes
the whole Redondo police force and his
wife to keep it.

NAFTZGER HEARING.

Argument Concluded Yesterday and
Case Submitted—Jury to Meet
Today.

Arguments were closed yesterday in
the case of the charges of Abbot Kin-
ney against A. H. Naftzger, the fruit-
marketing boss. The case was sub-
mitted to the committee, which is to
meet again this morning.

The last speech in review of the evi-
dence was by Attorney W. C. Petchner,
who gave the head of the orange com-
bination a concluding rant and pro-
nounced him pretty thoroughly de-
graded.

"If the man at the head of a great
fruit-marketing concern violates the
law and pursues reprehensible practices
he is not fit for the position," said Mr.
Petchner, after referring to the evi-
dence of Naftzger having received
rebates and to other testimony bearing
on his devious methods.

"Mr. Naftzger has not the confidence
of the trade in the East which he
should possess in order to be suc-
cessful in the marketing operations."

The man is not competent to handle
the business of the exchange who has
in himself elements which are dan-
gerous to those on whom he must de-
pend to get the fruit to the consumer.

"We hold that the evidence shows
that on account of Mr. Naftzger's con-
nection with the car lines and allied
concerns he is, as charged, not in a
position and not been to make a
vigorous fight for excessive rates. The
growers have a right to demand that
the man into whose hands they com-
mit the marketing of their oranges
shall be free from embarrassing al-
liances."

When a railroad concern seeks to al-
low only a quarter of an equitable sum
for fruit damaged, the growers' repre-
sentative should not be numbered in
presenting claims for what is justly
due from the transportation compa-
nies."

Abbot Kinney admits that he has
completely failed in the proof of at
least one of the charges.

DEATH OF E. RUHLMAN.

ber of the fruit firm of E. Ruhlman Com-
pany, and president of the New York

IS CHOKED IN
THE DARKNESS.Grabbed and Robbed by Ne-
gro in Rooming-house.Unpleasant Adventure of
French Rancher.King William is Under Ar-
rest for the Crime.

Grasped by a powerful negro
on the hallway of a rooming-house
in which he had taken a room for the
night, Peter Beyeye, a Frenchman
whose home is near the Palms, was
choked almost into insensibility early
yesterday morning and robbed of the
money he possessed, about \$11.
King William, a notorious negro who
has served two terms in the peniten-
tiary, is in the City Jail charged with
the crime, and the evidence against
him seems to indicate that he is the
robber.

Beyeye spent the earlier part of
Tuesday night with some fellow-con-
trymen, and, missing the last car, he
went to the Oriental lodging-house at
Commercial and Alameda streets and
secured a room. During the night he
had occasion to pass through one of
the halls, and as he was returning to
his room he was confronted in the
darkness by the negro, who instantly
seized him and commanded him to
make no noise.

The negro felt the Frenchman's
pockets, asking him if he was armed,
and finding that he was not, he de-
manded his money. When
Beyeye protested, the brute choked
him and forced him to give up his
pocketbook.

The robber fled, and Beyeye followed
at a distance until he found Patrolman
Jarvis, to whom he pointed out his as-
sailant. At the approach of the officer
the negro went into a room and was
followed there and arrested. William
protested his innocence, but he was
taken to the Police Station and locked
up. Later Jarvis found the French-
man's name under the window of the
room.

William is the scamp who engaged in
a pistol duel on Santa Fe avenue with
another negro about eighteen months
ago, during which both men emptied
their guns twice, breaking windows
and splintering doors, but shooting
nobody.

WRESTED RAZOR
FROM HUSBAND.

YOUNG WIFE'S TRYING ORDEAL
BEFORE WATERMELON.

Jealous and Boxy Young Husband
in Vernon District Created a Dis-
turbance by Threatening to Butcher
Himself—The Picture After It Was
All Over.

Living in a pretty little cottage on
East Fifty-fifth Street, in the Vernon
district, is a metal polisher by the
name of Robert E. Lewis.

In one way Lewis is the most for-
tunate man; for he is blessed with a
girl-wife who is vivacious and beau-
tiful, and who is the mother of a
bright little bud of a boy about 3 years
of age.

In another way Lewis is the most
unfortunate of men, for, having the
best of his wife and the mother of a
boy, he is miserable because he is cursed
with the taint of the green-eyed mon-
ster.

It has become a matter of notoriety
in the neighborhood that he goes home
drunk and abuses his handsome wife,
and has at different times threatened
to take his own life.

They are a young couple, neither
being out on Santa Fe avenue with
Lewis's foolish suspicions of his help-
meet should be as happy as a pair of
geese.

Yesterday afternoon he went home
drunk and kicked up a row, when
some of the neighbors who have taken
a friendly interest in the wife and
baby prevented his harming them, and
he went away from the cottage in a
hurry, leaving his wife and child
fortified by his courage with a few more
drinks, and threatened to take his own
life.

He secured a razor and frightened
his wife almost into convulsions by
making believe that he would cut his
throat and scream and so on. They
waited here for a while, but he
retained sufficient presence of mind to
tackle the booby husband and wrest
the razor from his hand. If he had
administered a spanking it would have
completed the job.

She apparently decided that the limit
had been reached, and taking her baby
went off to her mother's home in
another part of the city. The fool
died, and the wife, left alone in his
house, soon came to his senses, followed
his wife and effected a reconciliation, for
the time being at least.

Last night when a reporter looked in
on them it was a peep into the coziest
and seemingly happiest little home in
Vernon.

"Papa," said the sweet little woman
in her sweetest tone, as she appeared
at the door dressed as if she had been
out at an evening party: "Papa, there
is a letter for you."

SPEECH FROM
SEC. SHAW.

Member of Cabinet to Open the
Campaign in Los Angeles.

Gen. George Stone, chairman
of the Republican State Central
Committee, wired Bradner
W. Lee, yesterday, that Sec-
retary of the Treasury Shaw
would be in Los Angeles on
September 7, to speak to Re-
publicans on national campaign
issues. Arrangements will be
made for a mass meeting at
the evening at Hazard's Pavilion.

is a gentleman at the door who wishes
to see you."

She tripped back to the dining-room
where he had taken her place at the door.
He was in his working-clothes, with-
out coat, a lank young fellow, with
fumes of liquor on his breath, but ap-
parently perfectly sober.

He called his wife "Kate," in a tone
of voice that was as tender as it
naught but love-words had ever
passed between them, and it was per-
fectly plain that he had once more
conquered the green monster.

Back through the open door the
table was covered with white linen and
a tempting supper was spread, the
center decoration being a cut of ruby
watermelon.

The little lot of the family had been
sucked away for the night, and life as
revelous as a melon closed the day.
If he would scorch, booze, it
would likely remain that way.

CAUGHT IN STOCKTON.

Family Wanted in Los Angeles for
Felony Captured in the Northern
City.

After having eluded the detectives
of this and other cities for months,
Shrimp and Beulah Shrimp, alias Clark
were arrested yesterday at Stockton
at the request of the Los Angeles Po-
lice Department and last night De-
tective Benedict left for Stockton to
bring them back for trial. They are
wanted here on a charge of grand
larceny and a warrant has been in
the hands of the police for a long
time.

Shrimp is a teamster and for a time
lived on Boyle Heights, where he and
his wife gave the name Clark. They
moved from place to place, each time
changing their name. The charge
against them is the alleged defrauding
of a furniture dealer. From Colgan
& Son, furniture men at No. 229 South
Main street, Shrimp and his wife ob-
tained goods valued at about \$200,
agreeing to pay on the installment
plan. As is customary in such pur-
chases the title to the furniture re-
mained in the firm and they executed
a lease conditioned upon the payment
of the installments. Soon after they
secured the goods Shrimp is alleged
to have sold them for about two-thirds
their value.

After the sale the family left the
city in Shrimp's wagon, and, although
the officers heard of them from time
to time, they could not find them. Of-
ficers in the northern part of the State
were notified to look out for them and
yesterday they were captured in Stock-
ton. The family consists of Shrimp,
his wife and two children.

FOR KILLED OFFICERS' FAMILIES.

NEW YORK, Aug. 17.—A movement
has been instituted among the mem-
bers of New York's police force to
form an association for the purpose
of assisting families of officers killed
in the performance of their duties. Nu-
merous deaths of this kind have oc-
curred recently in fires and battles
with burglars. As a rule, the victims
left a large family without means and
the only help they received was a small
distribution from the Riot Relief
Fund.

The organization has been formed, with its af-
fairs administered by trustees, and that
each member of the force contribute
50 cents as an assessment in case
of death. In this way \$2500 would be

tion to the onset that women were be-
ing murdered in that locality. It so
happened that Patrolmen Block, Mc-
Clure and Thornton were reporting in
at that hour from their beats and in
less than five minutes after the alarm
was given the three officers were on
the scene.

In front of No. 125 West Twenty-
seventh street the policemen found two
women, each in their night

CHARGE REBEKAH WITH ASSAULT.

SPICY DOOR-SHUTTING EVENT AT SAWTELLE.

Presiding Officer of the Lodge Alleged to Have Applied Violence to Four Young Women Who Bought Admission to an "Open" Meeting. Pasadena at Santa Monica.

SANTA MONICA, Aug. 17.—In connection with the election of four young women from a Rebekah's meeting at Sawtelle, Mrs. P. H. Sonney, the defendant in a case in Justice J. J. Langdon's court in which she is charged with assault, was arrested.

It appears that there was a meeting of the Rebekahs the other evening and after the secret session there was an open meeting of some description.

It was at this meeting that Mrs. Sonney, who is the wife of the defendant, was arrested.

She was charged with assault upon the four young ladies named.

The fair defendant's attorney interposed a demurrer, setting up the defense that the complaint was defective.

Tomorrow is to be Pasadena day on the Santa Monica beach. The Crown City B. & O. of Trade is engineering the excursion.
